8-97167406-0 Clutch master cylinder ISUZU NKR55 is made of aluminium, which is a unique choice of material. Aluminium is not only lightweight, which helps to reduce the overall weight of the vehicle, but also has excellent corrosion resistance, enabling long-lasting and stable operation in all kinds of harsh environments. The combination of precise design and high-quality aluminium ensures smooth and efficient clutch operation, which supports the performance of the ISUZU NKR55 vehicle, making it an excellent choice in the field of automotive components.
