- 8.Body Exterior: Lamps , Fender , Bumper , Grille , Mirror ;

Mainly engaged in the Japanese car parts. If you need more information, please feel free to contact us!

8-97094460-0 Oil dipstick (79CM) For ISUZU NPR/4HG1 models. It accurately measures the level of oil in the engine to ensure the right amount of oil. If there is not enough oil, engine parts may wear out due to lack of lubrication; if there is too much oil, it will increase running resistance. Through the measurement of the oil dipstick, car owners can keep abreast of the oil condition to ensure the normal operation of the engine and prolong the service life of the engine, for example, to avoid serious problems such as oil burning and cylinder pulling.
