8-98063840-0 Worm gear supercharger inlet pipe (iron) for ISUZU 700P/4HK1 models. Its main function is to deliver the cooling and lubricating fluid to the worm gear supercharger to ensure the stable operation of the supercharger under high temperature and high speed working environment. The efficient inlet pipe can effectively control the temperature, prevent the parts from overheating and wearing out, prolong the service life of the supercharger, improve the power performance of the vehicle, keep the engine in good working condition all the time, and escort your driving safety and comfort.
